WE DELIVER YOUR CONTENT TO EVERY CORNER OF THE WORLD

We are a Teleport, delivering content from one point to multi points around the world over **Satellite, Optic fibers** and IP.

- It all started with a news agency
- We became the **number one** provider of Occasional Use services in the crossroads of **Europe, Asia, Africa** and the Middle East

Beijing 2008 Olympic Games

Pope Benedictus XVI election, April 2005

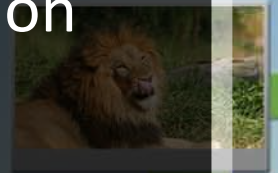

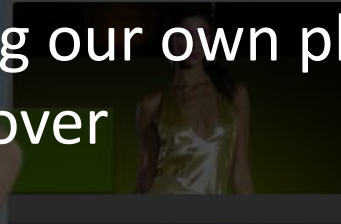

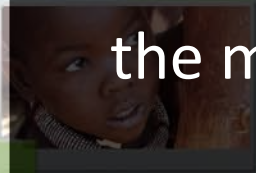

FIFA World Cup South Africa, July 2010

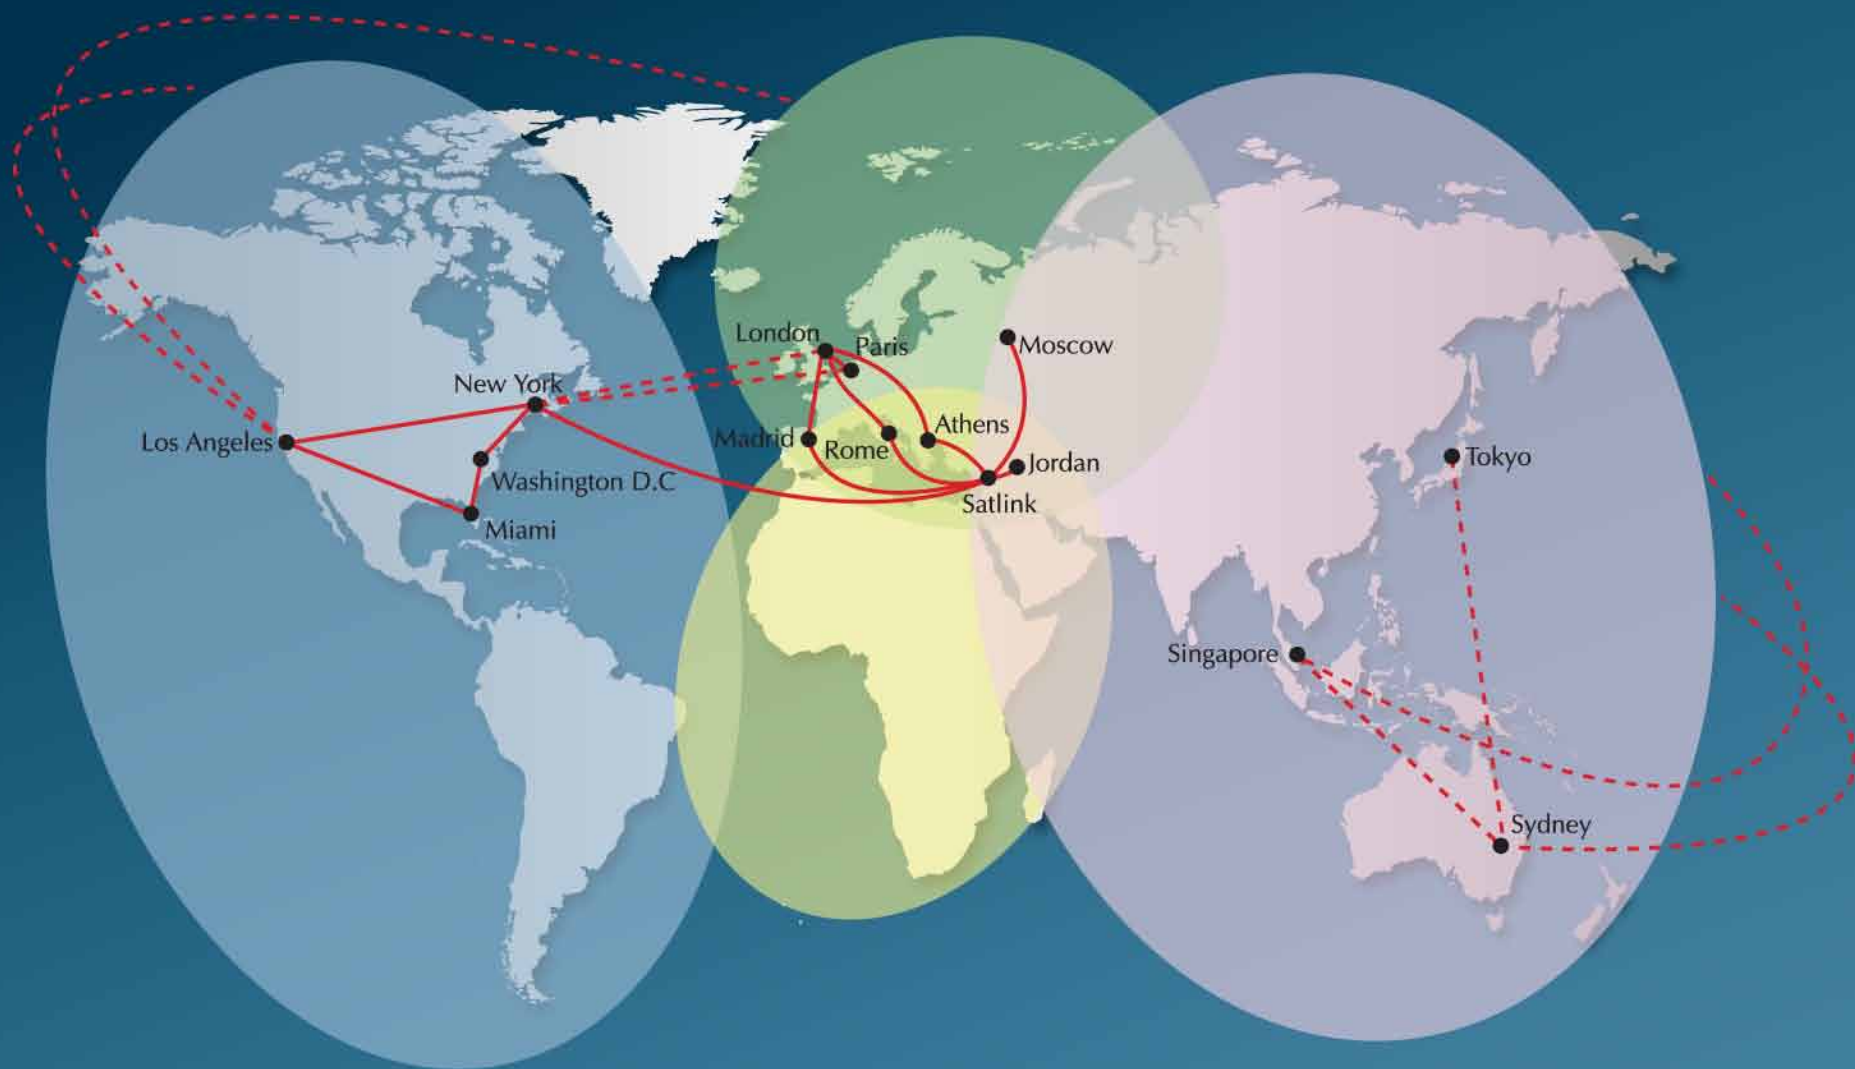

President Obama Election, January 2009

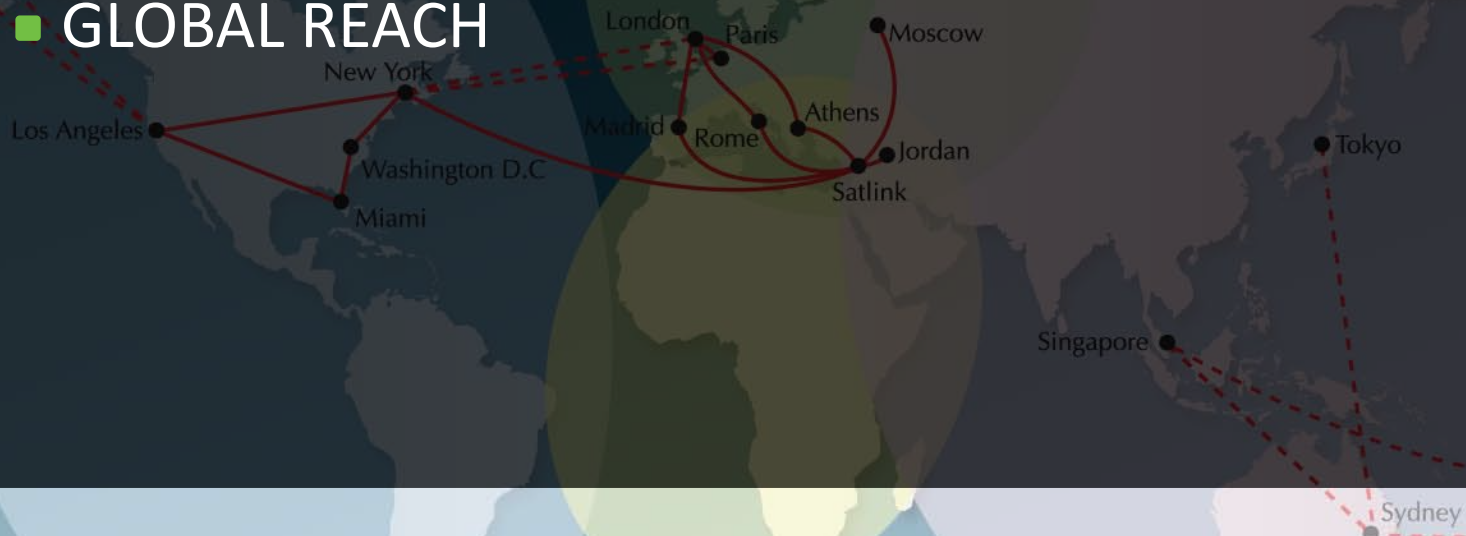

- In line with supplying our broadcasters full turnkey solutions, we provide a wide spectrum of play out alternatives as well as having our own platforms on the most popular satellites over

- Europe / ASIA, / MIDDLE EAST, / AFRICA, / US
- Fiber optic came to complement what we were doing
- GLOBAL REACH

With all that infrastructure in place it was logical to become

- Official media port for several of the big sat operators including SES World Skies, Asiasat, Hellas-Sat & O3b.
- The ideal teleport for governmental services &
- Virtual Network Hosting station for medium to large teleports and Providers of ip SREVICES VIA SATELLITE
- With such a fast growth curve (we almost tripled our size in the last 5 years) it wasn't surprising to show at the top of the World Teleprt association's rankings years in a row.
